oak-hickory
woodland marked
for harvest**

**Invasive species
control
demonstrations
and the unveiling
of an innovative
herbicide trial**

**Free Dinner
Provided!!!**

FOREST MANAGEMENT & INVASIVE SPECIES WORKSHOP

Join us at Feldun Purdue Ag Center for a forest management workshop and free meal! Over the course of the evening you will hear from professionals on: identifying invasive species in your woods, the benefits of a well-marked timber sale, and how you can effectively control invasive plants in your forest. If you have forest land, regardless of your management goals, you will gain valuable knowledge to improve your forest. Wear comfortable shoes as the majority of the program will be standing or walking in the woods.

PURDUE
UNIVERSITY.

Purdue University Cooperative Extension Service is an equal access/equal opportunity institution.

If you need a reasonable accommodation to participate in this program, prior to the meeting, contact Ryan Bartlett at rbartle@purdue.edu or 812-797-0292.
